From the Editor

"If you want others to be happy, practice compassion. If you want to be happy, practice compassion."

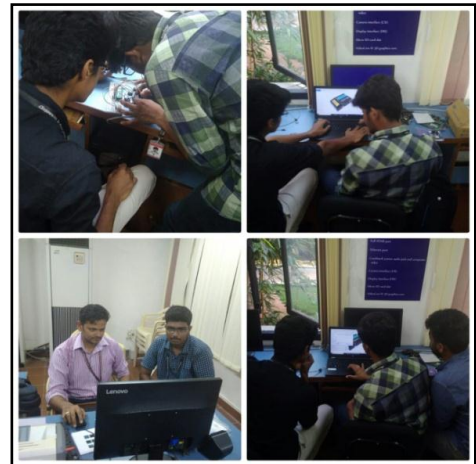

— Dalai Lama

Happiness is what we should seek for in this life. Simply do what makes you happy. We receive what we give. Happiness isn't always static but just dynamic. Remember to stay happy in whatever you do. Your decisions should give you happiness and you should feel contented by it. Whatever happens in life, do not lose that pretty SMILE of yours, it might actually initiate happiness in every other person around you. This issue of digest would help you be happy

- Editorial Team

Proud SKCTian

Wanna know what happiness is. Just take some time to tap into our lives. We the creative souls of SKCT can define happiness. Despite being in a professional institution we are being developed as a whole of humans as our attitude, perceptions and character are getting evolved. Being proud to have exuberant aculty Resource and Stupendous Ambience, we are made to conduct on introspection in our day to day life as **“Introspection always leads to Evolution”**, We are getting evolved each day as a human. We are gonna be the most evolved group of human race by the time we get graduated. We are destined to demolish mediocrity and amplifying the quality of human life to achieve the exemplary state. Happiness is created here by making every soul to find the true purpose of their life and keeping them on track to Pursue their career and life goals Wanna know more.....
