International Universal Health Coverage Day 2019: Keep the promise

On 12 December 2012, the United Nations General Assembly endorsed a resolution urging countries to accelerate progress toward universal health coverage (UHC)—the idea that everyone, everywhere should have access to quality, affordable health care - as an essential priority for international development. On 12 December 2017, the United Nations proclaimed 12 December as International Universal Health Coverage Day (UHC Day) by resolution. International Universal Health Coverage Day aims to raise awareness of the need for strong and resilient health systems and universal health coverage with multi-stakeholder partners.
