FROM THE EDITOR

"In three words I can sum up everything I've learned about life: it goes on."-Robert Frost

You never leave someone behind. You take a part of them with you and leave a part of yourself behind. It's all temporary; your happiness, your worries, your fears, your own awesome life! Life is a mirage of happiness and rainbows and which also includes a story of you like: "Fell in a puddle and tripped on a pebble." Life is supposed to be a solace but actually is a storm. Get a hold of your life.
