ACTIVITIES

Mechanical department -Dr.S.Sundararaj,
Professor/Mech, delivered a session on Introduction and Importance of the ISHRAEclub for II year students

Mechanical department -
Mr.R.Rathish AP/ Mech and
Mr.N.Aravind kumar, AP/ Mech,
Mr.Dhivagar AP/ Mech, Mr.S.Ram
kumar AP/ Mech, Mr.K.Mohan AP/
Mech, Mr.K.S.Raghul AP/ Mech and
Mr.M.Rajeswaran, AP/ Mech have
done Internship Evaluation in the
respective venues

Mechanical department - Dr.R.Srinivasan,
Associate Prof/ Mech and Mr.S.Santhosh kumar
AP/ Mech, have done Industrial practice
Evaluation for the students

Mechanical department - Dr.N.Mohanraj Associate Prof/ Mech & Mr.Nithyanandhan AP/ Mech have done Industrial practise Evaluation in the department.

Mechanical department Dr.S.Sundararaj Prof/ Mech and Mr.R.Hari krishnan AP/ Mech have done Internship Evaluation at Old dynamics lab

EEE Department The AIM - Career Motivational session was conducted by R. Divya Lakshmanan AP/ EEE to the students.

EEE Department -Students sharing their placement experience to all the final year students of EEE at Vankatram Hall

EEE Department -SWOT
Analysis for both 2nd & 3rd
year EEE students was
conducted by the respective
tutors.

ECE Department -II year coordinator Dr. Senoj
joseph, Associate Prof/ ECE has addressed the II ECE
students about upcoming academic activities

ECE Department -Prof V. Anto of galaxy force
institute has addressed II ECE students on the topic "
opportunity in Armed forces"

ECE Department -Internship discussions and placement talk by Mr. Santha kumar/AP for II ECE students

Civil Department -II year B.E.Civil students were participated in Ice breaking session Activity.

Civil Department -II year B.E.Civil students were participated in Group Discussion Activity.

Mechanical Department - Dr. R.Soundrarajan, Professor, SKCET handled a session on "Introduction to SAE Club" at MB seminar Hall

Mechanical Department - Dr.P.Sakthivel, Associate professor/Mech has delivered a session on "Introduction and Importance of the club product Development cell" for II year students

Civil Department -IV year B.E.Civil students involved in Measuring Green area of our campus and In-plant training report preparation.

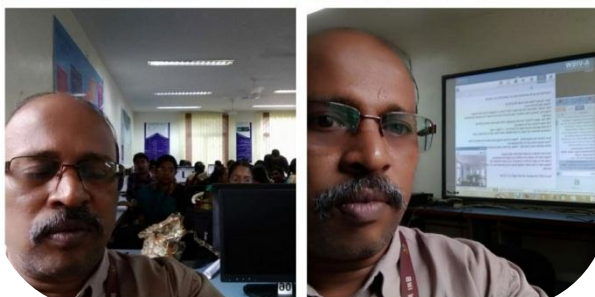

ECE Department - III Year students actively participate in product promotion activity and aptitude preparation in the department

Mech Department - Product development cell senior members shared their experience in various events to II year students

Civil Department - Dr.M.Lenin Sundar, Professor, is attending (IIT -Bombay) One day Python workshop at PG Block

EEE Department - Ms. A. Gayathri, AP/ EEE has discussed about Current Affairs with students

EEE Department - Dr. Vanitha, Professor/ EEE has discussed about GATE, higher studies and Competitive Exams to third year students

IT Department -Mr. K Jeevanantham III IT A and Mr. Jithendran III IT A handled a demo session on the topic "Installation on Kali Linux" with second and third year students in Cryptography and Cyber Security SIG Club

Mech Department - Faculty and senior students elaborating the projects carried out under each club for II year students

IT Department – Dr.T.Rajesh kumar, Associate Professor/IT has delivered a briefing session on "Machine Learning and its applications" to 2nd & 3rd year SIG interested group students.

IT Department – Ms. K. Mythili AP/IT, Ms.T.Sangeetha, AP/IT, Ms.SindhuMeena, AP/IT have took a Hands on session on "Python and Real Time Applications in Machine Learning" to 2nd & 3rd year SIG interested group students.

IT Department – Ms. Lavanya AP/IT has done a Discussion on problem identification in Networking SIG Group

Mech Department – Dr.P.Prathap,HoD/Mech and Dr.B.Sathish kumar,professor/Mech have addressed about club activities at MB Seminar hall

EEE Department – Mr. Kalidass, final year student of EEE gave an overview on Boot camp and its benefits to III EEE students

Mech Department – Dr.Santhosh srinivasan, Associate Professor/Mech has done Industrial practice Evaluation with the students.

CSE Department -III year CSE Students were actively participated in the activity - Debugging.

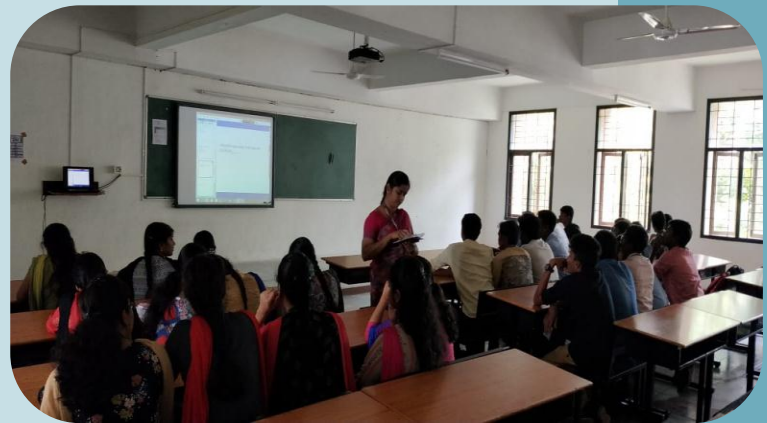

CSE Department- IV year CSE students were presented their Industry Practice Test Evaluation

CSE Department- II CSE students were actively participated in the activity - Role Play

EEE Department- Ms. Usha Nandhini, Asst. Professor/EEE has conducted a Technical Quiz on Basic Engineering

EEE Department -Ms. Elzalet, AP/EEE has conducted a Debate on 'Has engineering become business'

EEE Department -Dr. P. Pandiyan, Asst. Professor/EEE has delivered a Presentation on 'Why GATE?'

ICE Department -Industrial Training Assessment was done for 2nd, 3rd and Final year students and the resource person is Mr Shayal Krishna, Embedded Engineer, Robert Bosch, Coimbatore

ECE Department - Internship evaluation was done for the final years by the Tutors and evaluators.

ECE Department - Head of the Department addressing 2nd year ECE students about the various opportunities in the field of Electronics & Communication Engineering

EEE Department - Dr. Saravanan & Dr. P. Ponmurugan, Asst. Professor/EEE have conducted Group activities for third year EEE students

Mech Department - Mr.R.Rathish AP/Mech and Mr.S.Vinodh kumar, AP/Mech have delivered a session on Introduction and Importance of the Entrepreneurship development cell for II year students

IT Department - IOT Workshop was conducted by Mr. Senthil Murugan, Pantech Solution, Coimbatore

IT Department - Mr. Venmuhilan and Vandhana III IT B, delivered a session on Introduction in Blockchain Technology with real time applications

ECE Department - Group activities for III ECE students were performed by their Tutors.

EEE Department - Dr.P. Ponmurugan, AP/EEE has conducted a Group Activity for third years.

EEE Department - Mr. Santhosh, AP/EEE has conducted a Debate on "Social Media - Boon or Bane"

EEE Department - Ms. Sophia Jasmine, AP/EEE has done a Discussion on "Introducing team mates in different perspective"

EEE Department - Ms. J. Priyadarshini, AP/EEE has conducted a Quiz on Basic engineering

MEETINGS & DISCUSSIONS

EEE Department - HOD/ EEE convened a meeting with Final year students regarding placement opportunities and conducted SWOT Analysis along with placement coordinators and Final year tutors at Vankatram Hall

STUDENT CORNER

Facebook Chatbot Experiment:

-Ajay balaji IV CSE A

Facebook abandoned an experiment after two artificially intelligent programs appeared to be chatting to each other in a strange language only they understood.

The two chatbots came to create their own changes to English that made it easier for them to work but which remained mysterious to the humans that supposedly look after them. The bizarre discussions came as Facebook challenged its chatbots to try and negotiate with each other over a trade, attempting to swap hats, balls and books, each of which were given a certain value. But they quickly broke down as the robots appeared to chant at each other in a language that they each understood but which appears mostly incomprehensible to humans.

The robots had been instructed to work out how to negotiate between themselves, and improve their bartering as they went long. But when they were not told to use comprehensive English, allowing them to create their own "shorthand", according to researchers.

There were two AI chatbots created by Facebook to talk to each other, but they were shut down after they started communication in a language they made for themselves.

Nybble – World’s Cutest Open Source Robotic Kitten

Boston Dynamics’ Spot Mini, which looks like a dog, may have left us with the impression that robots of the future will be scary but Nybble might change this opinion. Nybble is a small and cute cat-shaped robot which sits, walks, stands on its hind limbs, and can learn to perform many more new tricks. Nybble is not meant to be a full-fledged robot but an STEM toy based on Raspberry Pi designed to teach kids about how to assemble, program, and even hack robots. So whether it is to watch a cute robot kitten learn tricks or fight out with others of its form, Nybble is surely one of the cutest and most awesome inventions one can think of.

**DID YOU
KNOW???**

In the Atacama Desert in Chile, there's a 3,000-year-old, densely packed shrub called llareta. It looks like moss covering rocks, but it's actually a cluster of branches and leaves that is so hard you can stand on it.

HEALTH TIPS

Pumpkin Seeds Have Many Properties, Know Its Benefits

- Zinc is found in pumpkin seeds which helps in increasing the immunity of the body. In addition, it is also beneficial to relieve depression.
- Using pumpkin seeds to take care of the skin has been considered the best natural remedy. It helps to clean your skin color. Moreover, using it daily makes the skin look beautiful and shiny.
- According to the researchers, pumpkin seeds work to balance the amount of insulin. In such a case it is very beneficial for diabetic patients.
- Minerals and vitamins present in pumpkin seeds help to increase hair growth. In addition, these compounds in it help to reduce the hair breakage process and provide it with strength and beauty if you want to keep too long and shiny hair, start using pumpkin seeds regularly.

AWARENESS CORNER

 **SAY NO TO MIXED WASTE**
FOR A CLEAN AND GREEN ENVIRONMENT

Waste Segregation: Why & How?

Plastic, paper and metal can be **reused** and sold to scrap dealers for **recycling**.

Organic waste can be **composted**.

The amount of waste that goes to landfill site is **reduced considerably**.

The illustration shows a girl in a green dress pointing to three waste bins: a green bin for organic waste, a red bin for plastic, paper, and metal, and a blue bin for recycling. A recycling cart is also shown.

BOOK REVIEW

Five Point Someone

Chetan Bhagat

Five Point Someone is a story about three friends in IIT who are unable to cope.

The book starts with a disclaimer, “This is not a book to teach you how to get into IIT or even how to live in college. In fact, it describes how screwed up things can get if you don’t think straight.”

Three hostelmates – Alok, Hari and Ryan get off to a bad start in IIT – they screw up the first class quiz. And while they try to make amends, things only get worse. It takes them a while to realize: If you try and screw with the IIT system, it comes back to double screw you. Before they know it, they are at the lowest echelons of IIT society. They have a five-point-something GPA out of ten, ranking near the end of their class. This GPA is a tattoo that will remain with them, and come in the way of anything else that matters – their friendship, their future, their love life. While the world expects IITians to conquer the world, these guys are struggling to survive.

Will they make it? Do under performers have a right to live? Can they show that they are not just a five-point-somebody but a five-point-someone?
