KNOWLEDGE UPDATE

Mech Department - Mr.K.S.Raghul, AP/Mech took a session on "Usage of smart board to all newly joined faculty members

IT Department - Dr. G. M. Tamilselvan, HoD/IT, delivered a session on "Understanding the depths in NBA to satisfy the criteria" to all Faculty members

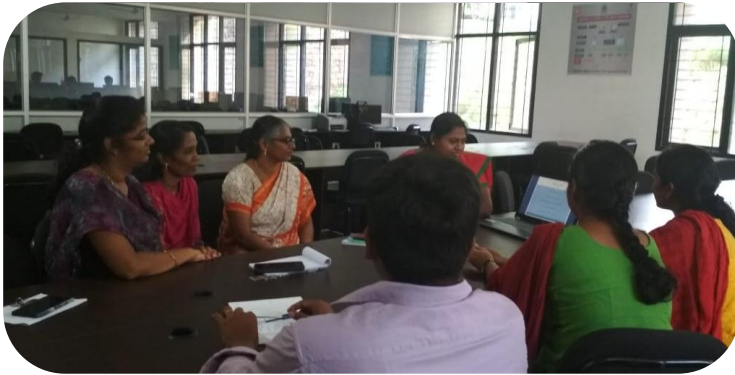

Civil Department - Dr. V.Sreevidya, Associate Professor, is Attending One Day Seminar on 'Corrosion Control in Concrete Structures' at IIT Madras.

Mech Department - :Mr.T.K.Naveen AP/Mech is attending a Summer faculty research fellowship program at IIT Delhi

MEETINGS & DISCUSSIONS

EEE Department -Ms.Elzalet,AP/EEE discussing the calculation of CO and PO attainment to the newly joined faculty.

Mech Department -Dr. B. Sathishkumar, Professor/Mech and also Engineering & President of SKCT IIC has interacted with MHRD Innovation Cell through A-view

EEE Department -Year coordinators meeting was conducted by the HoD /EEE to finalize the action plan of academic activities

ECE Department -First course committee meeting for the course "Digital Image processing" Faculty members :Dr.Senoj Joseph, Mr.R.R.Thirrunavukkarasu

ECE Department -Course committee meeting for the course 17EC318"Computer networks and Interfacing" was conducted by the Faculty members: Dr.K.Sumathi, Ms.B.Priyanka and Ms.S.kiruthiga

ECE Department -Course Committee meeting-16EC327 Wireless Communication and Networks by the Faculty members: Dr.K.Sumathi, Dr.S. Malathy, Ms.B.Priyanka

CSE Department -Staff members preparing course plan for the academic year 19-20

S&H Department -The course coordinator Ms. T. Bhavani, convened the Course committee meeting for the subject FSCM

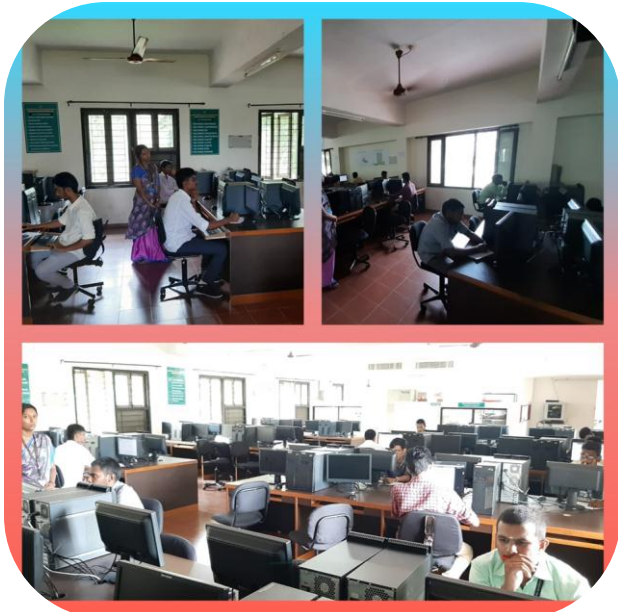

ECE Department -Course Committee meeting for Digital Electronics by the Faculty: Dr.R.Udaiyakumar, Dr.Senoj Joseph, Ms.Yamini Shanmugam

NPTEL –Coordinators meeting was conducted by the SPOC-S.Ganesh prabhu AP/ECE to all department coordinators and discussed on various agenda towards the NPTEL Certification

PLACEMENTS

Civil Department –Technical test for Final year Civil Engineering Students has been conducted by the Civil Department Faculty.

Freshworks to hire engineers through 12-hour hackathon

OUR BUREAU

Hyderabad, June 14

Freshworks, a US-based firm that provides customer engagement software to businesses, will hold a hackathon to hire engineers for its new facility in Hyderabad.

The recruits will also be considered for its offices in Chennai and Bengaluru. Freshworks has tied up with tech start-up incubator T-Hub to organise the 12-hour

Hack2Hire event on June 23.

“The participants will be asked to develop applications using Artificial Intelligence, computer vision and data analytics on a SaaS Platform,” Ravi Narayan, Chief Executive Officer of T-Hub, said. “The selected candidates will stand a chance to be hired by the US firm. They will get placed either in Hyderabad, Chennai or Bengaluru,” he said.

INTERESTING ENGINEERING

Padrone Ring – Coolest Mouse Ever

No matter how sophisticated the trackpads on our laptops get, mice are still irreplaceable because of the high freedom of movement and speed they offer. Padrone Ring is a small and nimble finger ring which can be used as a computer mouse. This ring mouse connects to any device over low-energy Bluetooth and supports a variety of clicking and scrolling gestures. More importantly, it comes in 12 different sizes and is waterproof, which means you can continue wearing it anywhere you go without worrying about breaking it or frying the internals.

1626 King Charles I disbands English parliament

1844 Charles Goodyear patents the vulcanization of rubber

1878 World's first moving pictures caught on camera (used 12 cameras, each taking 1 picture) done to see if all 4 of a horse's hooves leave the ground

1991 Climactic eruption of the Mount Pinatubo volcano in the Philippines, the second-largest volcanic eruption on Earth of the 20th century

HEALTH TIPS

Carrot juice is more beneficial than carrots, do consumption in this way

Carrot juice can reduce blood pressure by up to 5 percent. This is because the nutrients present in the Carrot juices, which contain fiber, potassium, nitrates and vitamin C, are the elements that reduce blood pressure. The inclusion of carrots in food will not only keep your eyesight sharp but also your heart healthy.

DID YOU KNOW???

did you know?
When you can't sleep on your first night in a new place, your brain is trying to protect you. Many animals sleep with only half their brain, while the other half stays alert to possible dangers. It's called the 'first night effect' in humans, because our bodies put us in a strange, half-asleep/half-awake state the first time we sleep in an unfamiliar environment.

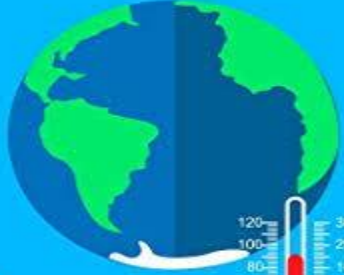

AWARENESS CORNER

CLIMATE CHANGE FACTS

"facts from The National Health Foundation"

Average sea level is expected to rise 1 to 6 feet before the end of this century.

The recent rate of global sea level rise has departed from the average rate of the past two to three thousand years and is rising more rapidly—about one-tenth of an inch a year.

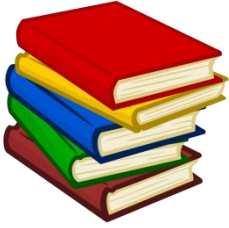

The frequency of weather-related disasters has increased by 45% from 2007-2016 (compared to the 1990s) due to climate change.

The average global temperature on Earth has increased by about 0.8° Celsius (1.4° Fahrenheit) since 1880

The current pace of global average temperature rise puts approximately half of all plants and animals at risk of extinction

BOOK REVIEW

RIVER OF SMOKE

Amitav Ghosh

In September 1838 a storm blows up on the Indian Ocean and the Ibis, a ship carrying a consignment of convicts and indentured laborers from Calcutta to Mauritius, is caught up in the whirlwind. When the seas settle, five men have disappeared - two lascars, two convicts and one of the passengers. Did the same storm upend the fortunes of those aboard the Anahita, an opium carrier heading towards Canton? And what fate befell those aboard the Redruth, a sturdy two-masted brig heading East out of Cornwall? Was it the storm that altered their course or were the destinies of these passengers at the mercy of even more powerful forces? On the grand scale of an historical epic, River of Smoke follows its storm-tossed characters to the crowded harbors of China. There, despite efforts of the emperor to stop them, ships from Europe and India exchange their cargoes of opium for boxes tea, silk, porcelain and silver. Among them are Bahram Modi, a wealthy Parsi opium merchant out of Bombay, his estranged half-Chinese son Ah Fatt, the orphaned Paulette and a motley collection of others whose pursuit of romance, riches and a legendary rare flower have thrown together. All struggle to cope with their losses – and for some, unimaginable freedoms – in the alleys and crowded waterways of 19th century Canton. As transporting and mesmerizing as an opiate induced dream, River of Smoke will soon be heralded as a masterpiece of twenty-first century literature
