ACTIVITIES

ECE Department - Product innovation discussion was done with the students during vibrant activity hour by Dr.K.Sumathi and Ms.N.Vijayalakshmi

CSE Department- Dataset collection from UCI machine learning repository was done as a part of Machine Learning Club Activity.

IT Department - Students of IV IT A did a group activity on Design Patterns & Design Thinking to create Insight Cards & Affinity Diagram, Problem Analysis on various applications including Healthcare, Online shopping , Naukri I, Swiggy, Finance and Marketing.

MECH Department - Team AZTECS did their cycle fabrication work for the event SAEINDIA- Bicycle design Competition 2019.

MEETINGS & DISCUSSIONS

Mechanical department - Faculty Members Mr.Shivaraman, Mr.M.K.Prabhu, Mr.Nithyanathan conducted Course committee meeting-II for the subject "Data Analytics".

ICE Department - Dr. M. Karthigai Pandiyan discussed with 3rd Year Students about IEEE paper problem solving and publishing paper in reputed journals.

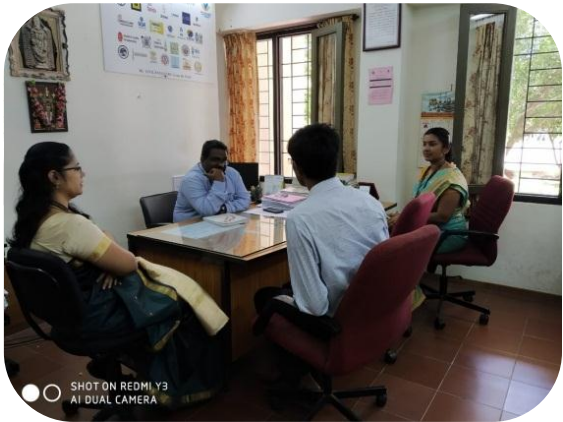

CSE Department- PRIDE Committee meeting was conducted to discuss about upcoming events for the students.

EEE Department – The HOD convened faculty meeting to discuss the minutes of Principal's meeting with the HoDs

Civil Department - Mr.Sathyaseelan, Principal- Structural Manager, Teemage Precast In had an interaction with our Faculty members.

PARTICIPATION

Mechanical Department - The following students participated in 'Techobyte' workshop on business Analytics at IIT, Madras.

K.Ram kumar, II Mech, V.Mohan kumar, II Mech, P.Sairohith, II Mech, P.C.Mahesh, II Mech, S.Manikandan, II Mech and M.k.Keerthivaruman, II Mech.

Signs you are Doing Better than before..

1. You are not the same person you were a year ago.
2. You have got goals.
3. You have experienced real hardships.
4. You have 1 or 2 close friends.
5. You Know that God has Great things in store for you.

On Investment:

Do not put all eggs in one basket.

On Taking Risk:

Never test the depth of the river with both the feet.

On Earning:

Never depend on single income. Make Investment to create a second source.

On Spending:

If you buy Things you do not need, soon you will have to sell things you need.

On Savings:

Do not save what is left after spending, but spend what is left after saving.

-Ajay Balaji A & Arun R, IV CSE A

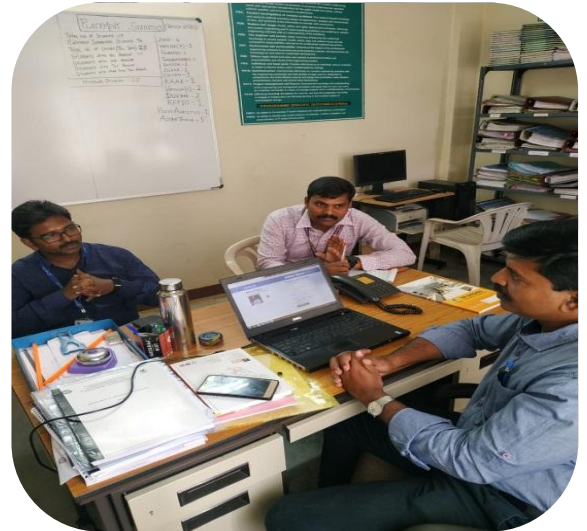

OUTREACH

ICE Department – A Guest Lecture on Contemporary Literature was delivered by Dr. M. Karthigai Pandiyan at Kongu Nadu Arts and Science College.

GOOD NEWS

IT Department - Department of Information Technology has received one more consultancy work on "LoRa based precision agriculture" from Enthu Technologies Pvt Ltd

CSE Department - Mr Vignesh R. & Mr. Vishnu Varthan L. R. won second prize (Cash award of Rs. 5000) in the Sri Eshwar Industry Connect Hackathon held at Sri Eshwar College of Engineering, Coimbatore

INTERESTING ENGINEERING

1. Bioplastics for a circular economy

Less than 15% of the world's plastic is recycled, with the rest incinerated, abandoned or sent to landfill. Biodegradable plastic offers a solution, but lacks the strength of conventional materials. A breakthrough idea promotes the circular economy by using cellulose or [lignin](#) from plant waste, which increases material strength without using crops that could otherwise be used for food.

HEALTH TIPS

Wonderful Cardamom Benefits You Should Know About

Cardamom can help to overcome many of your problems. It provides a wide range of benefits in health. Often people think that small cardamom, green cardamom, is cool. However, green cardamom is also a hot effect like large cardamom. It is also used in tea and sweet recipes due to its sweetness. Today, we're going to talk about what it might benefit from.

Cardamom rich in minerals such as potassium, calcium, magnesium helps to keep the heartbeat right.

In Ayurveda, cardamom is considered hot, which acts as a warmer body, so it reduces the effect of cold on your body.

Cardamom helps in relieving breathing problems such as asthma, severe colds, and coughs. It also helps in repairing lung problems.

A lot of diseases in the human body are caused by high blood pressure, if you take two to three cardamoms regularly, it will help to control blood pressure.

Cardamom is not only used to enhance the taste in the foods but also helps to improve the digestive system. It has antioxidant and anti-inflammatory properties, which enhance metabolism.

If you are surrounded by stress, cardamom intake may be beneficial for you. It has been observed that chewing cardamom can lead to immediate changes in hormones and relieve you from stress.

WHAT HAPPENED TODAY

1991 - Soviet Union Start Treaty Signed

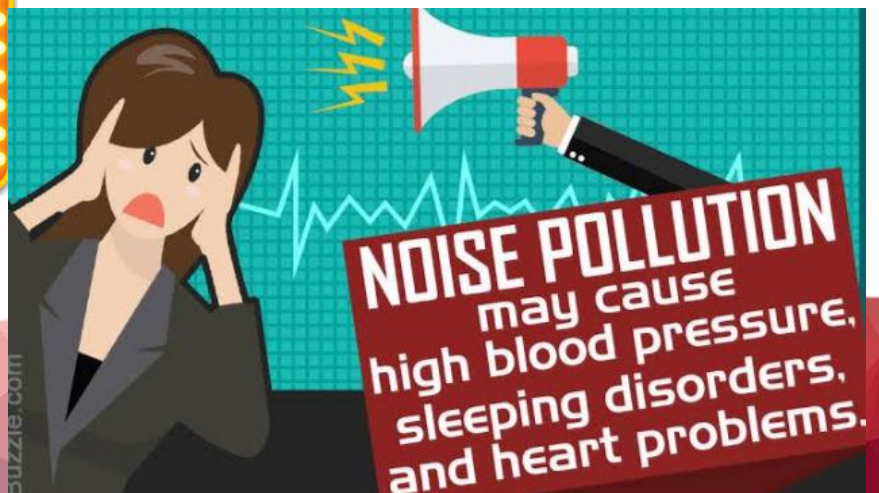

1991 : The worlds two superpowers the United States and the Soviet Union sign the Strategic Arms Reduction Treaty (START) an historic agreement reducing their stockpiles of nuclear warheads by more than 30%.

2012 - Michael Phelps Wins 19th Olympic Medal

2012 : Michael Phelps won his record-breaking 19th Olympic medal after winning gold as a part of the 4 x 200 m freestyle relay team for the USA.

2013 - Scientists Grow Artificial Ear

2013 : Scientists in the United States have announced that they were able to grow an artificial human ear in a lab from animal tissue.

There's a rare type of blood that's shared by only 43 people in the entire world. 'Rhnull' blood doesn't contain any of the Rh antigens that 99.9% of humans have. It's often called 'golden blood' because it can be given to anyone who has a rare Rh blood type, but there are only 9 active donors, so it's only used in extreme circumstances.

BOOK REVIEW

On Earth We're Briefly Gorgeous

[Ocean Vuong](#)

Poet Ocean Vuong's debut novel is a shattering portrait of a family, a first love, and the redemptive power of storytelling.

On Earth We're Briefly Gorgeous is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family's history that began before he was born — a history whose epicenter is rooted in Vietnam — and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest exploration of race, class, and masculinity. Asking questions central to our American moment, immersed as we are in addiction, violence, and trauma, but undergirded by compassion and tenderness, On Earth We're Briefly Gorgeous is as much about the power of telling one's own story as it is about the obliterating silence of not being heard

With stunning urgency and grace, Ocean Vuong writes of people caught between disparate worlds, and asks how we heal and rescue one another without forsaking who we are. The question of how to survive, and how to make of it a kind of joy, powers the most important debut novel of many years.
